

**Nameplates for the world's toughest environments**

**Quality.  
Service.  
Delivery.**  
*Guaranteed.*

**Very often, the last small part put on your equipment is the first one seen by your customer. Whether it's the product identification, instrumentation data, operating instructions, or service specifications tag, you want this information to be accurate, legible, and enduring in the harshest of environments.**

At Texas Nameplate, we take your requirements very seriously.

Backed by a winning combination of industry-leading quality, top-notch customer service, and sixty years of continuous innovation, Texas Nameplate manufactures quality nameplates to multiple specifications of materials, process, usage, and applications.

## The Right Nameplate in Three Easy Steps

### 1 Indicate the Usage

- Asset and equipment labels
- Serial Number and ID tags
- Front panels and overlays
- Operation, warning, and directional signs
- Bar code labels and nameplates

### 2 Choose the Environment

- Normal indoor/outdoor
- High temperature
- Solvent, acid, or caustic exposure
- Salt water
- Other harsh environment

### 3 Select the Material

- Metallic such as stainless steel, aluminum, brass, or MetalPhoto®
- Non-metallic like Mylar, Lexan, polycarbonates, or vinyl

### Which process is best for you?

Depending on the usage, environment, and material needs, we take out the guesswork and select the best process to create your nameplate.

**Chemical etch** is extremely well-suited for rugged applications that call for precision, clarity, and durability on metal nameplates.

**Screen print**, a versatile and cost-effective solution for indoor and mild environments, is available on both metallic and non-metallic materials.

**Photosensitive** process offers tremendous accuracy coupled with quick turnaround time, and is used widely for military applications on metallic backgrounds.

**MetalPhoto®** is used in specific cases that demand longevity and quality imaging on specially treated aluminum plates.

**Detailed information on our processes is available at [www.nameplate.com](http://www.nameplate.com).**

**"Our pipelines operate non-stop in extreme heat and salty conditions, and we demand the same from our ID plate suppliers.**

**Texas Nameplate's products have met and exceeded our requirements for over 20 years."**

**— Valve & Oilfield Equipment Company**

## Products

Texas Nameplate manufactures a variety of metallic and non-metallic nameplates that have been tested in the most rugged and harsh environments.

## The TNC Way

Behind our success lies an unwavering commitment to creating top-quality products and superior customer care.

### Unconditional 100% Guarantee

Texas Nameplate will deliver your order free of any defects and on time, or we will supply your order free of charge. (The delivery period begins the day Texas Nameplate receives clear, legible specifications along with a detailed order form.) We are the only company in the industry that offers a 'no questions asked,' unconditional 100% guarantee on its products. And we can do this because of our superior product quality, uncompromising client care, and customer-first philosophy.

### Total Customer Value

At Texas Nameplate, everything we do centers on delivering superior value to our customers. From multiple contact methods and web-enabled technology, to industry-leading response times, to competitive prices, every customer interaction is based on authenticity and reliability. To date, Texas Nameplate has a record of 98% on-time delivery, 99% defect-free, and .001% customer returns.

### Enduring Longevity

Since 1946, Texas Nameplate's dedication to manufacturing quality industrial nameplates, especially for harsh environments, has been well-known throughout the manufacturing community. So, it isn't surprising that over 60% of our customers have partnered with us for 15 years or more. We extend that same commitment internally: The average tenure of our employees is 12 years.

**"What we get from Texas Nameplate is complete peace of mind.**

**The right product, superior quality, on-time delivery and backed by excellent customer care, each and every time.**

**No exceptions."**

**— Original Equipment Manufacturer**

## Quality Inside Out.

At Texas Nameplate, we don't stop at just meeting our customers' quality requirements. We take it to the next level and hold ourselves to the highest quality standards.

**ISO 9001 Certified.** We are committed to fulfilling our customer requirements, enhancing customer satisfaction, and achieving continual improvement.

**Malcolm Baldrige Recipient.** We are the only small business in the U.S. to have been honored with this prestigious award twice (1998 and 2004), and it underlies our resolve in two critical areas: superior overall organizational performance and consistent delivery of customer value.

**ISO 14001 Certified.** We proactively seek to minimize the harmful effects on the ecosystem caused by manufacturing activities, and improve our environmental scorecard by adopting this standard.

**UL Certified.** We participate actively in the Authorized Label Suppliers Program required by numerous UL certification users.
